

Lyle served in the United States Army and at one point was stationed in Wonju, Korea. During his time there, he took many pictures and even sent artifacts that he collected to the local museum. Lyle was very interested in photography – he had his own dark room and took wedding photos in his free time.

If he could have any superpower, he would want to help people. Lyle has sent money to the Native American missions in North Dakota, as well as children’s group homes in Chicago. He has always enjoyed helping others and would love to do more if he could. His greatest blessing in life was getting married to his wife, Joann. She was a wonderful person and a great cook - together, they raised 5 children.

During his career, Lyle worked for First Milwaukee Savings & Loan. He started out as a clerk, and over time he worked his way up the company ladder. The proudest moment in his career was being appointed President of the bank! Lyle enjoys life by spending time with his kids, grandkids and great-grandkids. When he was younger, he and his family traveled around the U.S in a 24-foot trailer with their canoe strapped on top. He has fond memories of their road trips and camping together.
